

WF901 Series Vandal Resistant Recessed Step Light

Lumenelle WF901-SP01 Installed

Front View

Back View

Mounted in 4x4 Cast Aluminum Box

FEATURES (all models):

- Stainless steel housing and louver.
- Mounts in a standard 4 11/16 square electrical box.
- Can be used as a ceiling fixture, wall fixture, or step light.
- Incorporates a DC Bayonet socket permitting the fixture to be used at line voltage or class 2 (low voltage), in a wide range of voltages, depending on the lamp chosen. DC Bayonet lamps are available at 120, 130, 145, 155, and 230 volts (line voltage) and at 2.5, 4, 6, 7, 8, 12, 28, 34, 40, 45 volts (low voltage).
- Can also be surface mounted in a standard 4x4 cast aluminum electrical box and used as outdoor lighting (with additional weatherproofing kit) at either line voltage or using a standard low voltage outdoor lighting transformer.
- Very low profile for Americans With Disabilities Act (ADA) compliance.
- Optional Heat Reducing Louver

MODELS:

- WF901S-120 - Standard Line Voltage Version
(Includes 120V – 15W Bulb) Not UL Listed
- WF901S-LV - Low Voltage Version (Class 2)
(Includes 12V – 10W Bulb)
- WF901S-OEM - OEM Version – 150W Socket
(No Bulb or Mounting Hardware – Not UL Listed)

Note: Fixture is identical for all models
